

VOL. XXIII

In Brief, and to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

The Verdict Unanimous.

W. D. Sult, druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of ten years' standing. Abraham Hare, druggist, Belleville, Ohio, affirms: 'The best selling medicine I have ever handled in my 25 years' experience, is Electric Bitters.' Thousands of others have attested their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only a dollar a bottle at S. J. Hodgkinson & Co's., Drug store.

Merit Will Tell.

Was never better demonstrated than when 'Fryer's Abietine Remedies' were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated 'Abietine Remedies' and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

If you would enjoy your dinner and are troubled by Dyspepsia, use Acker's Dyspepsia Tablets. They are a positive cure for Dyspepsia, Indigestion, Flatulency and Constipation. We guarantee them. 25 and 50 cents.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Texas, by the recovery of J. E. Corley, who was in bed, less he could not turn in bed, or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Pills; in the first he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained his flesh six pounds. Trial bottles of this great Discovery free at S. J. Hodgkinson & Co's.

Don't Trifle with any Throat or Lung Disease. If you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50 cents.

Discoveries More Valuable than Gold.

Are SANTA ABIE, the California discovery for Consumption and Diseases of throat, chest and lungs, and CALIFORNIA CAT-R-CURE, the only guaranteed cure for Catarrh, Cold in the Head and kindred complaints. They are sold at per package or three for \$2.50, and are recommended and used by the leading physicians of the Pacific Coast. Not secret compounds, guaranteed by Osburn & Shoemaker, wholesale and retail agents.

Old And reliable Medicines are the best to depend upon. Acker's Blood Elixir has been prescribed for years for all Impurities of the Blood. In every form of Scrofulous, Syphilitic or Mercurial Diseases it is invaluable. For Rheumatism, has no equal.

Unnecessary Misery.

Probably as much misery comes from habitual constipation as from any other derangement of the functions of the body, and it is difficult to cure, for the reason that no one likes to take the medicines usually prescribed. Hamburg Pigs were prepared to obviate this difficulty, and they will be found pleasant to the taste of women and children. 25 cents. At all druggists. J. J. Mack & Co., proprietors, S. F.

An Absolute Cure.

THE ORIGINAL ABETINE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. It will positively cure all kinds of piles. Ask for the ORIGINAL ABETINE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box—by mail 30 cents.

The reason Why Acker's Blood Elixir is warranted, is because it is the best Blood Preparation known. It will positively cure all Blood Diseases, purifies the whole system, and thoroughly builds up the constitution. Remember, we guarantee it.

Happiness and Health.

Are important problems, the former depending greatly on the latter. Everyone is familiar with the healthy properties of fruit, and no one can afford to be sick and miserable while the pleasant California concentrated liquid fruit remedy, Syrup of Figs, may be had of our enterprising druggist, Wm. Pinniger, Reno, Nev.

When baby was sick, we gave her Castoria.

When she was a child she cried for Castoria, When she became Miss, she clung to Castoria, When she had children, she gave them Castoria.

ARE YOU MADE MISERABLE BY Indigestion, Constipation, Liverache, Loss of Appetite, Yellow Skin, Stuffy Throat, or a Painless Cure. Sold by Osburn & Shoemaker.

"SHACKMETER" a lasting and fragrant perfume. Price 25 and 50 cents. Sold by Osburn & Shoemaker.

SUPREME COURT OF NEVADA.

[No. 1267.]

Charles Ferraris, Admr., &c., Respondent,

VS.

M. Kyle, Appellant.

(BY BELKNAP, J.)

Upon the former appeal the judgment of the District Court, was reversed on the ground of failure of the plaintiff to establish such a possession of the personal property against attaching creditors as would satisfy the requirements of the Statute of Frauds. In reaching this conclusion the evidence adduced at the trial was fully set forth in the opinion of the Court. (Comalla v. Kyle 5 W. C. R. 435, 12 Nev.)

At the second trial the testimony introduced by the plaintiff tended to establish the facts proven at the first trial, and in addition thereto, the fact that the land owned by the plaintiff was the property of the plaintiff's intestate was introduced by a fence.

The assignments of error specify that the evidence is insufficient to justify the verdict, for the reason that the change of possession from vendor to vendee was shown. This objection is answered by the fact that the delivery of the possession of the inclosed and carried with it the possession of the personal property therein. This appears to be conceded by the plaintiff's counsel at the trial, and in addition thereto, the fact that the land owned by the plaintiff was the property of the plaintiff's intestate was introduced by a fence.

The other exceptions arise upon the question of the possession of the plaintiff's intestate was introduced by a fence. The assignments of error specify that the evidence is insufficient to justify the verdict, for the reason that the change of possession from vendor to vendee was shown. This objection is answered by the fact that the delivery of the possession of the inclosed and carried with it the possession of the personal property therein. This appears to be conceded by the plaintiff's counsel at the trial, and in addition thereto, the fact that the land owned by the plaintiff was the property of the plaintiff's intestate was introduced by a fence.

Heroes and Heroines.

There are few who endure bodily troubles without complaint. Did you ever meet among the heroes or heroines of your acquaintance—if any such there have been—one with a yellowish cast of countenance and that jaundiced aspect generally, which the most unpractical eye recognizes as the product of a disordered liver, who did not complain, and peevishly, too, of the soreness of the right shoulder blade, of dyspeptic symptoms, constipation and headache of course you never did, and of course the individual was not using Hostetter's Stomach Bitters, or he would not so have looked—so have complained. To purify the blood when contaminated with bile, and conduct the secretion into its proper channel, to re-establish regularity of the bowels, banish bilious head-ache and remove impediments to complete digestion, nothing can approach in efficacy this peerless alterative and tonic. Malaria, complaints, always involving the liver and kidney and bladder inactivity, are remedied by it. It is a capital aperizer.

Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air passages, but the thou ands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Rosehe's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed us, you may depend upon this for certain.

At Night Always have Sooter at hand. It is the only safe medicine yet made that will remove all infantile disorders. It contains no Opium or Morphine, but gives the child natural ease from pain. Price 25 cents. Sold by

W. PINNIGER, Druggist.

Buckley's Arnica Salve.

It is the best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by S. J. Hodgkinson & Co.

An Extended Possibility.

Brown's Bronchial Troches have been before the public many years. They are pure and superior to all other articles used for similar purposes. For relieving colds, coughs and throat diseases they have been proved reliable.

Shortness of Breath.

Dr. Flint's Honey Remedy should be taken at once when slight exertion or a heavy meal produces shortness of breath or distress and all symptoms of Dyspepsia, Price 10 and 50 cents per bottle. Sold by Osburn & Shoemaker.

SHILOH'S VITALIZER is what you need for Consumption, Loss of Appetite, Dizziness and all symptoms of Dyspepsia. Price 10 and 50 cents per bottle. Sold by Osburn & Shoemaker.

ABRAHAM BROTHERS.

The White House Clothing Store—Enterprise Rewarded—What Generosity Accomplishes.

Last night, notwithstanding the excitement which prevailed over the appearance of the Jersey Lily, the ubiquitous representative of the GAZETTE, delegated to keep an eagle eye on the progress of Reno, was not carried away by her beauty or the arrival of John Robinson's circus at 9:15 P. M., but kept his determination in hand, so as to be able this evening to again speak through your columns of the subject which most absorbed his attention; and that is, "What cannot man or money do?" They can move mountains, make the hills skip, cause barren wastes to become blooming paradises, and inhospitable forests the rendezvous of the wealthy. To accomplish this end, both must go hand in hand together. Very often intelligence discovers treasures in the hidden recesses of the Sierra Nevada, but it needs man and wealth to develop the quantity of it. The labor (in man personified) is accurate, but the capital (in an individual exemplified) must be convinced that it is bona fide 'ere it allows a single shakedown to go without the radius of its comprehension, unless it can count upon two in eight.

These reflections suggested themselves to me when I entered the celebrated and well-known clothing establishment of Abraham Brothers, of No. 19 Commercial Row—not because they happen to be in that particular line of business, as they have not confined themselves strictly to it. Enterprising, energetic and indefatigable, nothing since 1878 presented itself to them in which there was an honest dollar to be made, but that they lent their aid and attention to it. In that year they were running similar houses as that of which I write to-day, in Virginia City, Eureka and Sacramento. It is just nine years ago to-day since they opened the mammoth emporium they control in the city of Reno. Long before that time they had established a reputation for fair dealing and honest transactions. Through the eastern, western and northern portions of Nevada many a time and oft they advanced money to help stock-raisers, ranchers and mining prospectors, simply because they had faith in the future of Nevada and wished to encourage enterprise. These same parties cannot be estranged from them to-day. Some are in business in every section of the country and the mention of the

WHITE HOUSE CLOTHING STORE in their presence brings back happy recollections of the past, some of them have become wealthy, and some have gone into business on a small scale, but no matter what they are doing or where they are, anything in the clothing line they may need, the Abraham Bros. furnish them. The senior of the firm, Mr. Louis Abraham, is a married man and is the happy and indulgent father of four bright and intelligent children. He has a lovely home on Commercial Row, of which the doors are open to every deserving stranger. Like Baron Ruttiger, he can bid every friend (not retainer) arm with speed and help himself. He and his brother have fixtures here. They have come to stay. They exemplify what I have said in the forepart of this article. They are full of enterprise. They know what Reno is going to be, and in accordance with the faith they thus exhibit have identified themselves with every undertaking calculated to place our lovely city in that portion of Nevada's diadem where she can shine with the greatest lustre. They ignore the old fogy idea that old man Lake advanced; but on the contrary are up with the times. "Improvement," said the elder to me last night, "are not all that we want; but spirited, concentrated and combined effort, if ever we wish to see Reno the largest, most thriving and populous city in Nevada. For myself I have no occasion to advertise my goods. I am at present the sole agent of the Oregon City woolen mills. I have not been compelled to herald the fact that I receive a Spring, Summer, Fall or Winter supply of goods. I get my goods daily, and there is nothing gentlemen desire in the shape of

WEARING APPAREL.

but can be found in my store. The goods I sell are made directly from the wool, shorn from the sheep owned by the company I represent, and what might appear strange to the unobserving, by virtue of my connection with the Oregon company, I am enabled to sell at a lower rate, and still have a fair percentage on my sales, than any other establishment in the city. Such articles," he continued, "as blankets, clothing, etc., come direct from the mill where they are manufactured. I don't deal with middle men. I go to San Francisco once a month on business with this company and hence I am able to sell cheaper and better goods, and of later styles, than any firm this side of the Rocky Mountains. You see the people of Nevada, as well as ourselves, get the benefit of this. We don't sell 20 per cent. above cost, but we sell to make a profit, and when we do, we give our customers goods that we can guarantee.

Our business is a legitimate business, and we hail with delight the arrival of men who have cast their fortunes with the city by the river-side, and who are now the owners of the great States and who will find the genuine woolen goods of the White House in almost every domicile. Yet we don't kick against competition, but, on the contrary, invite it. It is the building up of any community, be it ever so large or small.

Well might he have said this to me, because he knew he was right. Would it not be wise for quite a number of our merchants

to manifest a similar disinterested spirit of faith in the future possibilities of Reno.

These tireless workers (the Abraham Bros.) are the first on the street in the morning, and the last to close in the evening—not on the basis of the early or the late hour, but to comply with the great demand on their energies to accommodate the customers that visit them from all parts of the country. The very fact of their connection with such people as the Oregon City woolen mills (which company has no equal in America), and Buckingham & Hecht, boot and shoe manufacturers, of San Francisco, is ample evidence of their integrity. I have no hesitancy in saying that there are no goods in their warehouse or store that have not upon them the impress of

WHITE LABOR.

As against the thieving and criminally competitive Chinese pauper innovations. The store they occupy now is a fine dimension, and 22 feet high. On the left of the entrance is a long row of tables, carrying upon them tons of pantaloons, vests, coats, all from the great Oregon woolen mills, and which defy competition. The drawers underneath are packed with the finest and latest styles of gentlemen's suits in pique, broadcloth, etc., ranging from \$10 to \$40 per suit. On the right-hand side a long beautiful counter is adorned with three of the prettiest show cases in the city. Jewels, neckties, silk handkerchiefs and all the latest novelties of the age. The furnishing goods most desired by both young and old connoisseurs come direct from H. B. Clafflin & Co's elaborate emporium in New York City.

HATS, CAPS, BOOTS AND SHOES.

With the finest hosiery imaginable, are visible; while collars, cuffs, neckties innumerable make up the happiest exhibition to be witnessed in Nevada. The shirts, which they have manufactured to supply their own trade and which are called the "White House," defy competition for excellence and durability. They make a specialty of blankets, quilts, and overcoats. Trunks, valises, traveling bags and suitcases, as plentiful as the "flowers that bloom in the Spring." In the rear of this great establishment is one of the largest sales in the city of Reno, and many a rancher or stockman has enjoyed the benefit of its plethoric stock of his own recognition without giving outward evidence of it. This speaks volumes for this firm and endears them to the stranded stranger in bonds of undying gratitude. Looking at the store from the outside you cannot help but notice the lovely arranged

SHOW WINDOW.

Which is under the immediate charge of Mr. R. H. Waggoner, one of the most obliging clerks in the city. It is a treat to gaze on the artistic arrangement of every little knock-knock pertaining to a gentleman's wardrobe. Immediately overhead, reaching from the front of the building to the sidewalk, is a large and beautiful sign bearing the following inscription: "The White House Clothing Store. One Price to All. Abraham Bros. & Co., 19 Commercial Row, Reno, and 14 South C Street, Virginia City." On the south end of the same is a large gold representation of the coat-of-arms of the State of Nevada, around the margin of which appears the words: "Organized to encourage advancement in those arts which benefit mankind," and on the north end of the sign, the reverse of the medal, which these two figures represent, appear these words: "Awarded to the White House Clothing Store by the Nevada State Agricultural Society." This sign speaks for itself and bears the date of 1879.

The electric light illuminates both the in and out side of this capacious store in the evening, and makes it most attractive than any I have yet visited.

Before closing this sketch I must let the reader know that these gentlemen were among the first to advocate the purchase of the old English mill site for the purpose of carrying on the wool business at home on account of the great water-power available from the Truckee river, and that both are deeply interested in the Bank of Nevada. Men of such an enterprising spirit must not be bound, not only to be appreciated, but to win and contribute largely to the glorious future that lies in store for the growing city of Reno.

PERSONAL.

Charles Thompson and wife, of Carson, were in town last evening. J. H. Thies and family, of Lovelock, are registered at the Depot Hotel.

B. M. Coffin, who has been on a visit to the seaboard, returned this morning.

Miss Cora Manning has just returned from visiting the Misses Rising at Virginia City.

Mrs. George Hall, of Virginia City, returned this morning from a trip to the Sandwich Islands.

Ghodes, head clerk of the Grand Hotel, who has been at lakes, is in town, and will go below to-night.

Deputy State Controller James Holbrook is at Walley's Hot Springs, trying to get rid of his rheumatism.

Simeon Wenban, of Cortez, Eureka county, returned this morning from a trip to the Bay on his way to his mines.

G. W. Mapes, accompanied by his niece, Miss Katie Mapes, came in from Honey Lake Valley Wednesday evening.

Miss Hattie Higgins, who has been in Carson visiting her friend, Miss Gussie Williams, returned home last night.

Mrs. C. M. Fassett returned last evening from Carson, where she visited for a week her sister, Mrs. John F. Alexander.

John Kelly has returned to the Comstock from Bodie. He will recommend to the management of the Bodie group of mines the immediate sinking of the Lent shaft to the 1200 level.

LOCAL AND GENERAL NEWS.

The dwelling of Joseph Miller in Tuscarora was destroyed by fire Monday night.

Fifty-four cases of measles are reported in Panaca, a Mormon settlement of probably 350, in Lincoln county.

Chief Naches Lee Winne-mucca and about 80 other Plutes were in town to-day to attend the circus.

Governor Stevenson has appointed A. J. Bretonnell, of Goldconda, Humboldt county, a notary public.

Over 300 Indians attended the circus this afternoon. One Bill Gibson must feel lonesome the Pyramid Agency.

Passengers by to-day's delayed train reported the killing at Truckee of a brakeman who was taking off a brake.

This morning's east-bound overland arrived here four hours late, the delay having been caused by a heavy train and an accident to the drawhead of a fruit car.

Mr. Woods, the arbor culturist, of Carson, advises Nevada ranchers to plant the wild pea, a splendid forage plant, which he claims will grow rapidly without irrigation.

A meeting is to be held at Piper's Opera House, Virginia City, this evening to discuss the proposition of introducing the Thompson-Houston electric light on the Comstock.

The GAZETTE is pleased to learn that Mr. H. P. Cohen, for many years business manager of the Virginia Enterprise, has secured a similar position on the San Francisco Alta.

The Carson papers felt outraged because Mrs. Bowers, the Washoe secess, was advised by a citizen of Reno to bring her husband's remains here for final interment instead of taking them to Carson.

The Moore Case.

The hearing of testimony in the case against L. J. Moore was commenced this morning, the first witness called being Mrs. M. Genla, of Washington Territory, who is a daughter of the accused, and who was present at the death of her sister Alice. So far as heard by the GAZETTE reporter, her testimony corresponded very much with that given by the mother before Justice Young some two months ago, a synopsis of which was published in these columns.

The Circus.

Robinson's circus, that is holding forth on the western portion of Powning's addition this afternoon to an immense audience, has attracted to town fully 500 persons from the neighboring country. The procession this morning was large and attractive. As usual on such occasions, the cheap jewelry man, the tooth-powder man, and the glass-blower are here. Lookout for pickpockets and tricksters.

Found a Sandbag.

While examining the mattresses in the county jail this morning, Under Sheriff Bryant found in the bed of one of the prisoners a sandbag large and stout enough to kill an ox. It had been made very recently, the covering being of heavy ducking—probably part of a coat.

Mrs. Langtry Last Evening.

A crowded house greeted Mrs. Langtry last evening. Every one present was pleased with her acting and delighted with her charms. With the exception of one or two, her support was poor.

RENO WATER.

A Scientific Analysis of that Now Supplied the Town and of Hunter Creek.

PRESENT SUPPLY.

OFFICE OF C. M. FASSETT, PHYSICIAN AND ANALYST, RENO, NEV., June 28, 1887.

T. K. HYMERS, Esq., CHAIRMAN BOARD OF COUNTY COMMISSIONERS, SHERIFF, RENO, NEV., June 28, 1887.

In accordance with your request I have made examinations of three samples of water drawn from the town reservoir, and in reference to such impurities as would render it unfit for domestic use, and beg to present the following report:

Sample No. 1 was taken from the river about ten miles above town, at the point where the highland ditch takes its supply; sample No. 2 was taken from the main reservoir, four feet from the surface, near where the water used in the town is drawn; sample No. 3 was taken from the highland ditch just before it empties into the main reservoir. The following is a tabulated statement of the results of the tests made:

(In parts per million.)			
SAMPLES.	No. 1	No. 2	No. 3
Free ammonia.....	.0478	.1502	.0475
Albumenoid ammonia.....	.0832	.2894	.0669

(In grains per gallon.)			
SAMPLES.	No. 1	No. 2	No. 3
Total solids.....	5.5286	6.7584	9.8304
Organic solids.....	.5444	.3216	.4144
Mineral matter.....	4.9842	5.8368	9.2160
Chlorine.....	Trace	Trace	Trace

The ammonia found indicates the proportion of contamination from animal sources, such as sewage, decomposing animal matter, etc., and in No. 1 (and 3) is as small a proportion as can be expected of a stream which flows through as many towns as the Truckee; while in No. 2 it is in three times the quantity as in the others, and above the limit of safety—fixed by most authorities at .06 to .12 parts free ammonia, and .15 to .20 parts albumenoid ammonia per million of water.

The second table shows the results obtained from careful evaporation of the water; drying and ignition of the residue in platinum crucibles, and proves that the water of the Truckee is as free from deleterious matters, prejudicial to health, as the supply to almost any city of the Union.

Impurities resulting from sawdust in the river, as shown in the table under the head of "organic solids," but the results obtained show that the amount of such matter is very small; much less, indeed, than is contained in many natural springs, some of which carry five grains or more of organic matter to the gallon just where they bubble from the earth.

The comparatively large amount of total solids in sample No. 3 is accounted for by the fact that the sample was taken from the ditch the second day the water was running in it, after it had been empty for a few days, the water naturally being turbid from fine particles of silt taken up from the bed of the ditch.

The samples all show an alkaline reaction, but so slight as to be immaterial; being less than one-tenth of the limit of safety, placed at "alkaline" in greater than that produced by adding one part,

A MATTER OF REGRET.

The Industrial School in Connection With the Orphans' Home at Carson Closed Indefinitely.

RENO, July 22, 1887.

Editor Gazette:—Few will learn, without surprise and regret, that the industrial school, at the Orphans' Home, has closed indefinitely. With surprise, because really no happier spot could have been selected upon which to plant the first industrial school of this State; with regret, considering the great help it would be to any boy starting out in the world to be able to say he has some skill in the use of his hands.

Boys who have their parents can, when work fails, return to the old home; but the fatherless ward of the State has no refuge when work is scarce and want stares him in the face.

The ostensible reason for closing the boys' workshop is because the last Legislature failed to appropriate a special fund for its maintenance. But, sir, a liberal appropriation was made for the Home, and as the industrial school is on the Home estate and forms part of it, I fail to see the necessity for a separate fund. In fact it need not be any burden whatever on the Home fund, but rather a source of profit.

If there is a possibility of so arranging matters that a manual training can be given to these poor children, without expense to the State, surely, sir, your readers would like to know what consideration it is that will prevent them from having that training.

ORPHANS' FRIEND.

Entombed for 78 Hours. Mike Lyons, a miner, was entombed for 78 hours, ending Sunday afternoon, in the Dugout mine on Prospect Mountain, near Eureka. When rescued he said he had not suffered from hunger nor thirst, but that he had felt chilled during the confinement.

Closing Out.

F. Levy & Brother have just received a lot of colored embroidered dress patterns from the East, which were delayed at the road, and on that account will sell them very cheap. They are handsome, very stylish, and ladies will do well to examine them.
